MARIETTA BLUE DEVIL SPORTS MEDICINE

Dear visiting Athletic Trainer,

On behalf of Marietta Sports Medicine, I would like to welcome you and your team to Marietta. The following information should prepare you for your upcoming visit.

The main athletic training clinic is located in the field house above the football practice field behind Marietta High School, located off of Whitlock Ave.

There will be a certified athletic trainer present at every home athletic event. An AED and emergency equipment will be located on the home team sideline if needed. There will not be an ambulance present. Team physicians will be on call should the need arise.

We ask that you please notify us at least 48 hours prior to arrival if you have any special needs, you are holding a practice at our facility, or if your team will be traveling without a certified athletic trainer. For those teams traveling without an athletic trainer, we will be happy to assist your players with pre-game taping. However, we do require teams to provide their own tape and supplies.

Feel free to contact any staff athletic trainer with questions or concerns. Best wishes in your upcoming season.

Thank you and safe travels,

Jeff Hopp, LAT, ATC

Head Athletic Trainer
